Since our inception, United Uniform Manufacturers, Inc. has been proudly producing high quality and innovative Made To Order law enforcement uniforms. With 50 years of manufacturing experience, we have made Hundreds of Thousands of "Class A" uniforms for some of this nation's most prestigious law enforcement agencies such as the New York Police Department, Los Angeles County Sheriff, Los Angeles Police Department, California Highway Patrol, and the United States Secret Service. It's no wonder that when it comes to highly specialized, custom made, duty uniforms no other manufacturer can match our expertise.

United Uniforms is in a unique position within the uniform market where we can provide customers with a deeper and broader range of products. We offer Class A, Tactical, Bike Patrol, Motor Breeches and specialized outerwear in stock and ready to ship. Not to mention we have one of the fastest delivery time in the industry for our MTO Program.

Being one of the west coast largest uniform manufacturers and located in Corona, California. We are committed to bringing new innovations to the marketplace by working with our dealers and law enforcement agencies to provide the market with the next generation of uniforms, complimented with unparallel quality and service.

Sincerely

United Uniform Mfg., Inc.

To ensure you receive the best possible fit, write down your measurements using the instructions above. Determine which size category you fall into by comparing your measurements with those listed in the charts below. If your measurements fall between two sizes, it is recommended you take the larger size.

Height equivalents: shorts up to 5'7"

- Height:** Stand straight against the wall without shoes. Make a mark level with the top of the head. Measure from this point down to the floor.
- Neck:** Method 1- Measure a shirt collar that fits you well. Lay the collar flat. Measure from the center of the collar button to the far end of the buttonhole. Method 2- Measure around the neck where buttoned shirt would fit. Allow for two fingers width between tap measure and neck.
- Chest/Bust:** Measure just under arms across shoulder blades at the fullest part of the chest or bust and back, holding tape firm and level.
- Waist:** Measure over shirt but not over pants, around waist where you would normally wear pants or skirts. Keep the tape level and snug, but not tight.
- Hips:** Measure around fullest point of seat while standing, keeping the tape level.
- Sleeve:** With your arm relaxed at your side and slightly bent, measure from the center back of the neck to across the shoulder around point of elbow to wrist.
- Inseam:** Method 1- Measure a well fitted, similarly styled pair of pants (no jeans). Measure from the crotch of the seam along the inseam to the bottom of the
